District Training Chair Approval  
Or U of S Chair

The fine print: WCC UoS course credits from 2016 and newer can be counted towards a degree. Credits from other Scouting programs or councils are not applicable towards a WCC University degree. It is the responsibility of the applicant to maintain accurate and complete records of their accomplishments. Any course taken or instructed more than once can be credited only one time. Required training does not qualify for credits except as an instructor.
