

Washington Crossing Council

Scout-Speak 101

A guide to help you understand the various terms, phrases, program components and acronyms that are used in the BSA program.

Organization

COUNCIL – A council is a voluntary association of citizens, including representatives of organizations that are chartered by the Boy Scouts of America, to promote the Scouting program within a geographic area. There are four major functions involved in achieving the purposes of a council: membership, fund development, program, and unit service. These four functions and all other responsibilities are accomplished in each council in a manner that is consistent with local conditions and circumstances.

DISTRICT – Unlike councils, which establish policies and programs, districts carry out the programs and policies of the council in their respective territories. For the purpose of unit service, program administration, membership, and fund development, the council territory is divided geographically into several districts, as determined by the executive board. The supervision of Scouting in each district is exercised by the council through a district committee consisting of all council members residing within the district, chartered organization representatives, and district members at large.

KEY 3 - The Council Key 3 consists of the Council President, Council Commissioner, and Scout Executive. They meet informally as necessary to ensure proper coordination of the work of the council. They furnish liaisons between the commissioner staff and the various committees of the council. They may also provide proposals and recommendations to, but in no way usurp the authority of, the executive board or executive committee of the board.

Council Support

The thinking here is that Scouts and volunteers see only 20 percent of what councils provide to members. Just like an iceberg, there's a whole lot more beneath the surface.

The Council supports the volunteers, so they have more time to enjoy the life-changing fun of Scouting.

What do councils provide? In other words: What's beneath the surface?

- **Volunteer and staff training**
- **Insurance coverage** to protect volunteers, chartered organizations, staff members and properties.
- **Support staff** for registration, publications and other program support.
- **Camp promotion** for Cub Scout day camps, Boy Scout summer camps, high-adventure bases and more.
- **Camp rangers** to keep the council camps up-to-date and ready for Scouts and families.
- **Camp equipment**, like tents, cooking equipment, camp vehicles, building repairs, canoes, equipment replacement and repair, and general upkeep of council camps.
- **Recognitions for leaders** who complete training, volunteer for special projects and help in many Scouting roles.
- **Professional staff** to work with volunteers to organize new units, manage fundraising programs, conduct training, assist membership recruitment, provide counsel and direct support for district, camps and programs.
- **Administrative needs**, including postage, computers and links to the National BSA computer system, copy machines, folding machines and a printing shop.
- **Service centers** to provide additional support to volunteers.
- **Audio-visual supplies** used in training, at camps and in volunteer meetings.
- **Postage** to mail materials to leaders, parents and youth members.
- **A council website** to keep you informed.
- **Reference publications** and resources, including program planning kits and to camping cookbooks.
- **Camp scholarships**, uniforms and registration fees for disadvantaged young people.

As you can see, there's more happening at your council than the average person sees.
And it can't all happen without the support of volunteers like you.

Council Officers

COUNCIL PRESIDENT - Responsibility for conducting the affairs of the Boy Scouts of America is vested in volunteer Scouters. The Council President is the highest officer and volunteer leader. The Council President serves as chair at meetings of the council body, council executive board, and council executive committee, and serves as a council representative to the National Council and regional committee during his or her term of office.

SCOUT EXECUTIVE - Although responsibility for Scouting is vested in volunteer leaders, a vital part of the movement is lodged in the comparatively small but well-trained group of professional Scouters. The Scout Executive is commissioned by the Boy Scouts of America, selected by the council executive board, and serves under its direction. He or she is the corporate secretary for all the council committees, although he or she may delegate this responsibility to members of the professional staff. He or she appoints and supervises all employees of the council, subject to the approval of the council executive board. He or she recognizes and is committed to the predominant and vital role of volunteer Scouters at all levels in fulfillment of their responsibilities. He or she maintains standards in the operation, program, and administration of the council.

COUNCIL COMMISSIONER - This is a person of good character and standing in the council with organizational, administrative, communications, and leadership abilities, preferably with wide and practical experience in Scouting. Familiarity with contemporary technology is a valuable asset. Working with the Scout Executive as a member of the council Key 3, the Council Commissioner provides leadership to the commissioner corps in effectively serving the packs, troops, teams, ships, and crews in the council. He or she serves with the Council President as a local council representative to the National Council and regional committee.

District Officers

Positions mimic those on the Council Level and are referred to as the District Key 3.

Positions are District Chair, District Executive and District Commissioner.

Within the District there are the various committees that operate to support the District functions.

The functions are Program, Finance, Membership and Unit Service.

The Program functions consist of Activities, Advancement, Camping and Training.

Scouting Programs

The Scouting experience is divided into five programs according to age and activities.

Cub Scouts – Youth Grades K-5. Cub Scouting is fun for the whole family. In Scouting, boys and girls start with their best right now selves and grow into their very best future selves. It's fun, hands-on learning and achievement that puts kids in the middle of the action and prepares them for today – and for life. Cub Scout activities are centered around earning badges that are specific to each school grade level.

Each badge represents a rank. **Ranks are: Lion, Bobcat, Tiger, Wolf, Bear and Webelos.**

Scouts BSA – Youth 11-17 years old. Scouts BSA is the traditional Scouting experience for youth in the fifth grade through high school. Service, community engagement and leadership development become increasingly important parts of the program as youth lead their own activities and work their way toward earning Scouting's highest rank, Eagle Scout.

Ranks are: Scout, Tenderfoot, Second Class, First Class, Star, Life And Eagle.

Venturing – Co-ed 14 – 20 years old. Venturing is an inclusive program through the Boy Scouts of America for males and females aged 14-21 (or 13 and completed the 8th grade). It's operated through Venturing Crews, units of youth and advisors that meet on set schedules and plan activities and events for youth. The first step in any journey is the courage to begin. The Venturing awards program is designed to help Venturers grow in the areas of adventure, leadership, personal development, and service. Awards serve as benchmarks that give Venturers a structure for developing their own personal vision into manageable goals that lead to recognition by their peers, mentors, and the larger community.

Awards are: Venturing Award, Discovery Award, Pathfinder Award and Summit Award.

Sea Scouting – Co-ed 14 – 20 years old. Sea Scouting is a subset of the Venturing program for young men and women. For over 100 years Sea Scouting has promoted better citizenship and improved members' boating skills through instruction and practice in water safety, boating skills, outdoor, social, service experiences, and knowledge of our maritime heritage. Sea Scout units– called ships- are established across the country on oceans, bays, rivers, and lakes. They provide limitless opportunities and exciting challenges that you won't find anywhere else. Sea Scouts is a place to grow and learn, find adventure, and build long lasting friendships.

Ranks are: Apprentice Rank, Ordinary Rank, Able Rank and Quartermaster Rank.

Exploring – Co-ed 10 – 20 years old. Exploring provides students with an opportunity to learn about a wide variety of career fields and to network with professionals already working in those fields. You get hands-on experience to determine whether or not a particular career field is right for you. You develop valuable networking contacts with professionals working in your selected career fields, and you get to know other youth with same interests and aspirations.

Cub Scout Activities

Cub Scout Day Camp—The Cub Scout Day Camp program is designed to teach skills and develop attitudes that make a Cub Scout more self-reliant, and more at home in the outdoors. They will have a great time with a goal. Scouts are placed in dens by age and gender and stay with the same den and leaders for each day of the week. Campers will rotate through a variety of stations each day: team sports, games, nature, crafts, archery, and den time. The activity at each station will be different each day of camp.

Cub Scout Resident Camp – A similar program to Day Camp, this a 6-day, 5-night experience designed for those Scouts ready to stay a whole week or a 3-day, 2 night adventure camp for those wanting to “try it out”.

Family Camp Weekend – Whether you are an avid camper or have never slept in a tent, family camp is the perfect opportunity to enjoy all that Ockanickon Scout Reservation has to offer! Come to OSR for 2 nights as a full Pack or as a family. Enjoy a variety of activities such as making crafts, cool science experiments, swimming in the pool, reaching the top of the climbing tower, going fishing, shooting, archery, and so much more. Between activities, come to Foster Dining Hall where all your meals will be provided. We will have tents available to use for the entire weekend.

Gold Rush – A Gold Rush is an annual event held by some districts during the winter months and is based on the concept of the older, Scouts BSA, Klondike Derby. The event varies by district, but the typical Gold Rush consists of several stations where packs participate in fun and informational activities, earning points, (gold nuggets) towards a total score.

Pinewood Derby – A Pinewood Derby is an event within Cub Packs. The pinewood derby is a racing event for unpowered, unmanned miniature cars. With the help of adults, Cub Scouts build their own cars from wood, usually from kits containing a block of pine wood, plastic wheels, and metal axles.

Scouts BSA Activities

Camporee – A camporee is a local or regional gathering of Scouting units for a period of camping and common activities. Typically, the camporee involves patrol-based competitions, with events such as: hiking preparedness, fire building, knot tying, first aid, emergency preparedness, pioneering, citizenship, patrol mystery event (team building), outdoor cooking, camping or orienteering. Some camporees also integrate work on merit badges.

First-Aid-O-Ree – A First Aid-O-Ree is a fun competition where patrols from various troops in the district compete against each other by solving and acting out different first aid scenarios. It is a great opportunity for Scouts (and adults) to reinforce their first aid knowledge by practicing their skills in several real-life scenarios. Scouts in each Patrol will take turns demonstrating their leadership under challenging and unexpected conditions. The goal is that each Scout would leave at the end of the evening with more knowledge and skill in first aid, and confidence in their abilities.

Indoor Rally – Open to all Scouts BSA Troops. This is a fun troop team-building activity, especially for the younger Scouts. Skills targeted include first aid, knots, fire building, The Wall and Tug of War.

Klondike Derby – A Klondike derby is an annual event held by some districts during the winter months and is based on the heritage of the Klondike Gold Rush. The event varies by district, but the typical Klondike derby consists of several stations where patrols/units must test their Scoutcraft skills and their leadership abilities, earning points towards a total score. Often, one or more races are included while the Scouts navigate between stations. The patrols must transport their gear on a homemade sled pulled by the Scouts. Districts may have specific guidelines for the construction of sleds.

Swim-O-Ree – A fun competition where Scouts compete individually and by patrol in various swimming events.

Training

Every Youth Deserves a Trained Leader

Common sense tells us that training is important, and research shows the importance of trained leaders. A trained leader is knowledgeable and more confident in the role being performed. Trained leaders exhibit a knowledge and confidence that is picked up by people around them. Trained leaders impact the quality of programs, leader tenure, youth tenure, safety, and a whole lot more. A trained leader is better prepared to make the Scouting program all it can be!

The Washington Crossing Council's long-term objective is to have 100% of registered adult leaders complete and maintain all training for their registered position(s). All existing and newly registered direct-contact leaders shall complete their position-specific training within 6 months of assuming their new role. Position-specific training not offered online (e.g., Introduction to Outdoor Leader Skills for Scoutmasters and Assistant Scoutmasters) shall be completed within 12 months of assuming the new role.

Training Courses

YOUTH PROTECTION - True youth protection can be achieved only through the focused commitment of everyone in Scouting. It is the mission of Youth Protection volunteers and professionals to work within the Boy Scouts of America to maintain a culture of Youth Protection awareness and safety at the national, regional, area, council, district, and unit level. Youth Protection Training (YPT) training is available online and **MUST** be completed every 2 years in order to maintain BSA registration. In Pennsylvania, all organizations, including all Boy Scout units, functions and events, require criminal and child abuse background clearance. An adult cannot become a volunteer until these are completed.

- Adults accompanying a Scouting unit who are present at an activity for 72 total hours or more must be registered as a leader, including completion of a criminal background check and Youth Protection Training. **The 72 hours need not be consecutive.**
- New leaders are required to take Youth Protection Training prior to completing the registration process.
- Units cannot re-charter unless all unit leaders have completed YPT within two years.
- Adult Youth Protection Training is required for adult program participants 18 years or older. Adult program participants (Venturing, Order of the Arrow, Exploring) must complete adult Youth Protection Training before submitting their adult application.

BASIC LEADER REQUIREMENTS - Need to know what the requirements are to be trained for your unit leadership role.

BASIC ADULT LEADER OUTDOOR ORIENTATION (BALOO) - This one-and-a-half-day course is designed as an introduction to the Cub Scout outdoor program for leaders interested in adding a camping component to their Pack activities. BALOO training consists of an online pre-requisite component in addition to an overnight hands-on practical experience. BSA's Cub Scout level camping policies will be taught along with the discovery of the necessary tools to help units carry out a successful camping experience. Completion of this course is mandatory for a **MINIMUM OF ONE** adult on a Pack overnighter.

Training – (continued)

INTRODUCTION TO OUTDOOR LEADER SKILLS (IOLS) - Working as patrols, this hands-on course provides adult leaders the practical outdoor skills they need to lead Scouts in the out-of-doors. Upon completion, leaders should feel comfortable teaching Scouts the basic skills required to obtain the First-Class rank. Along with Scoutmaster Specifics this course is required of all direct contact leaders registered in Boy Scout Troops in order to be considered “trained”.

NATIONAL YOUTH LEADERSHIP TRAINING (NYLT) - National Youth Leadership Training is an exciting, action-packed program designed for councils to provide youth members with leadership skills and experience they can use in their home troops. Courses are provided at a Council Level.

PHILMONT LEADERSHIP CHALLENGE (PLC) - A six-day adult leadership training program of Scouting BSA. It is intended for adults who have completed the Wood Badge course and is held once or twice each year in the back country of the Philmont Scout Ranch.

POWDER HORN - Powder Horn is a skills resource course for Venturing and Scouts BSA leaders of the Boy Scouts of America. Powder Horn is also described as a "hands-on resource management course" designed to give Scouting leaders "the contacts and tools necessary to conduct an awesome high-adventure program" in their Scouting unit. The goals of Powder Horn are to help Scout leaders safely conduct outdoor activities of a fun and challenging nature, provide an introduction to the resources necessary to successfully lead youth through a program of high adventure, and familiarize participants with the skills involved in different high adventure disciplines.

UNIVERSITY OF SCOUTING - University of Scouting (U of S) offers an assortment of classes in the areas of Administration, Program Enhancement, and Outdoor Activities. Whether you are a veteran Scouter or brand new to the program there is information for everyone. Dive deep into the required job-specific training for leaders or work towards one of the degree programs.

WOOD BADGE - Wood Badge is an advanced, national leadership course open only to Scouting volunteers and professionals. Scouters from Cub Scouting, Scouts BSA, Venturing, Sea Scouts, and Explorers, and district and council Scouters all are welcome and belong here.
